Eurobox and ZARGES Box – Accessories

For individual transport solutions

Pick ‘n Pluck Foam Set

- Pre-cut soft foam inserts made from open-cell PU foam, the fast and cost-effective solution for individual pieces or low-volume batch production. Sheet thickness in set, 2 each 30 mm and 60 mm, raised foam finish lid insert 30 mm, base foam 10 mm. Including adhesive. Lid insert foam with raised finish, shape can be modified without the need for special tools.
- Set 1: 550 × 350 × 220 mm.
  Order No. 40 735
  To fit Eurobox:
  40 700 (cutting to size required) up to 40 703
  To fit ZARGES Box: 40 861, 40 877
- Set 2: 750 × 550 × 220 mm.
  Order No. 40 736
  To fit Eurobox: 40 704 (cutting to size required) up to 40 706
  To fit ZARGES Box: 40 862 (cutting to size required)
- Set 3: 1150 × 250 × 220 mm.
  Order No. 40 737
  To fit Eurobox: 40 710

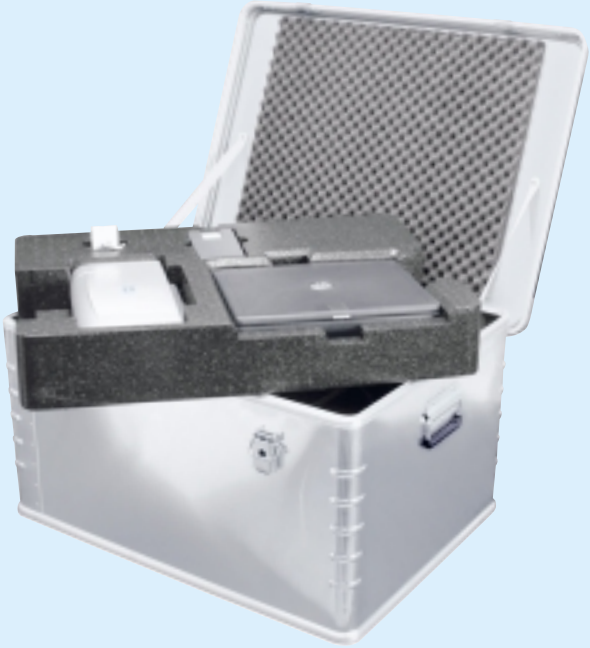

Foam Inserts

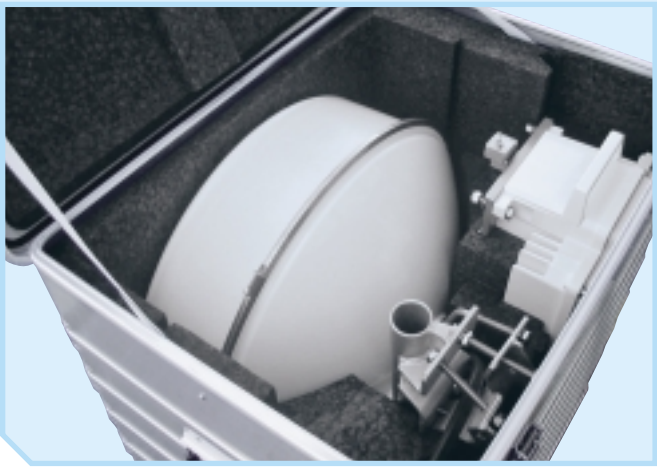

- If required we can supply the Euroboxes with a durable and abrasion-resistant PE foam lining. Floor and side-panels made from Plastazote LD 45 (weight per unit volume 45 kg/m^3, thickness 11 mm). Lid lined with foam with raised finish.
- Other materials and side panel thicknesses can be supplied on request.

Individual Foam Inserts

- We manufacture customised padded inserts from a wide range of materials which, in terms of protection and functionality, are perfectly suited to the goods you wish to transport.
- One of the special features of these first-class foam inserts is the fact that the protective effect of the finished packaging can be calculated in advance.
- Taking into account weight, area, height of drop and sensitivity (G-value), we develop packaging for you featuring optimum padding thickness.
  The result is maximum protection with minimum raw materials usage.
- If required, antistatic fittings and dissipative inserts are also available.
