Document subject to change without prior notice

1. Purpose

This notification is to announce a base material improvement and corresponding cosmetic change for select JS series slide switches.

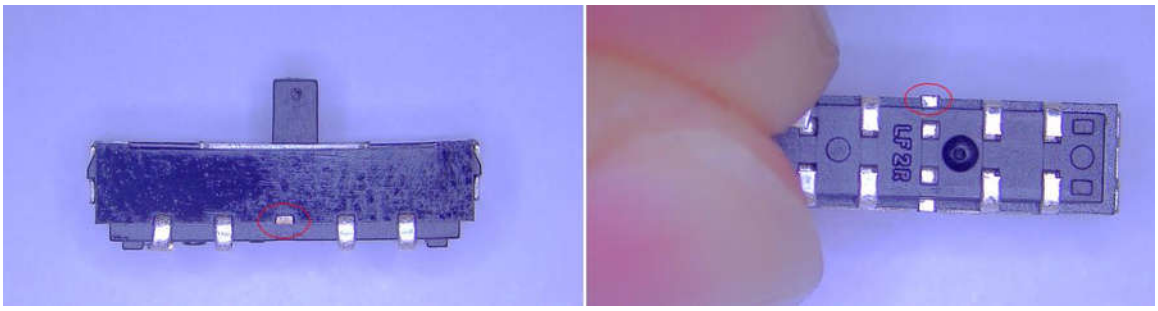

2. Overview

This change indicates the new base material used for select JS series slide switches as well as a cosmetic only change to the visual appearance of the parts as a result of the base material improvement. These changes in no way affect the overall form, fit, or function of the parts.

3. Impact of Change

3.1 The base material plastic is changing from PA46 to PPA in order to leverage the lower water absorption of PPA as compared with PA46.

3.2 There is an associated cosmetic change in switch appearance as seen in the pictures below showing a trimmed off additional terminal in the middle of the switch base. This terminal is trimmed off such that it extends no more than 0.3mm outward from the switch base after trimming.

4. Part Numbers Affected

The following part numbers are affected by this change:

1. JS203011SCQN
2. JS203011JCQN
3. JS203011CQN
4. JS0014
5. JS0019
6. JS207011SCQNR

5. Date of application

- Last time buy: Not applicable
- Implementation Date: Immediate
- This PCN is for information purposes for those who are presently buying this part number. It will be effective starting from 16 December 2020.

6. Conditions of Application

- Ordering: Not affected
- Pricing: Not affected
- Stock: Not affected
