General Installation Notes

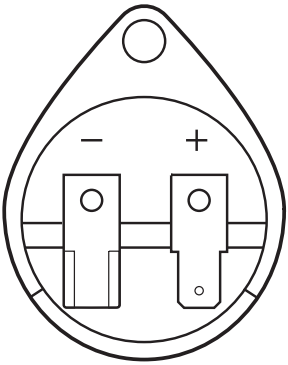

- Installation must be carried out in accordance with the latest codes and regulations by a qualified electrician.
- Ensure power is disconnected prior to installation or maintenance to avoid danger of electrical shock.
- Environmental exposure conditions during installation should be dry. Moist or wet conditions should be avoided.
- Avoid mounting the buzzer where it will be subjected to excessive vibration.

Installation Instructions

Drill the appropriate hole size for the mounting of the Buzzer and secure using the hole located on the Buzzer.

Make the necessary wiring connections as shown in the wiring diagram section.
