26" PRO35™ TOOL CHEST 4 DRAWERS BLACK WITHOUT LOGO

- Four EVA-lined drawers with 3-step ball bearing slides for smooth drawer operation and noise reduction
- Accommodates up to 4 TengTools TC1 modules per drawer for customized organization
- Powder-coated heavy gauge steel construction treated with a 5-step phosphate-free rust prevention process for long-lasting use
- 3-digit combination lock secures tools
- Drop front with custom tool box sticker

The TengTools 26" PRO35™ tool chest TST26B4 in matte black is a premium tool storage solution for the discerning professional. With dimensions of 660 mm in width, 305 mm in depth, and 380 mm in height, this tool chest is a blend of spaciousness and compact design. This model features a clean drop front for your custom made logo, which elegantly conceals the drawers when the box is closed. Inside, each of the four drawers – three with a depth of 50 mm and one with a height of 75 mm – is lined with an EVA mat, providing cushioning and protection for stored tools. These mats also reduce tool movement and noise, ensuring a more organized workspace. The tool chest is fully compatible with the TengTools tool control system, accommodating up to four TengTools TC1 modules per drawer. This allows for flexible customization using either the space-efficient TT Series or the protective FOAM Series, which features high-density EVA in three contrasting layers for ultimate tool protection. Durability is a cornerstone of this tool chest's design, constructed from heavy gauge steel to withstand the demands of professional users. Its durability is further enhanced by a 5-step phosphate-free rust prevention process, ensuring long-term resilience and maintaining the box's pristine appearance. Security is paramount and a 3-digit combination lock provides protection for your valuable tools. Drawer access is seamless, thanks to the 3-step ball bearing slides, ensuring smooth operation. Additionally, the tool chest is equipped with recessed side handles and rubber feet, offering both stability and ease of mobility within the workspace.
