Datasheet

RS Pro Yellow Passivated, Zinc Plated Steel Countersunk Wood Screw, 5mm x 50mm

RS Stock No: **493-4604**

Product Details

RS Pro pozisquare countersunk wood screw made of bright zinc plated steel is yellow passivated for corrosion resistance. This pozisquare driving recess allows high driving torque with complete fit between driver and screw. The screw has fatter neck and thicker shank that allow for a deeper recess and improved wall plug performance. This screw measures 50 mm long and has 5 mm thread size.

Features and Benefits

- Pozisquare driving recess allows high driving torque and "stick fit" between driver and screw
- Made from hardened steel, zinc plated and yellow passivated with a waxed finish
- Ribbed countersunk head
- Fatter neck and thicker shank allow for a deeper recess and improved wall plug performance
- Drills own pilot hole even in hardwoods and reduces splitting
- Single-start thread for better holding power and stripping resistance
- Driver bit supplied with each box of screws

RS, Professionally Approved Products, gives you professional quality parts across all products categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.
