Thickness	1.9
Sealing Plate Type	Flat
Sealing Plate Quantity	1
Type Number	Type 12
IP Rating	IP54
Color Code	ANSI 61
Item no.	F44LE45A

Description: Lay-in Hinged-Cover 45-Degree Elbows are used for continuous wireway runs with 45-degree turns. Because sections of lay-in wireway can be mounted with covers oriented in any direction, three different 45-degree elbows are available. Proper selection allows the user to maintain the same access and thereby preserve the lay-in feature for right-angle installations.
