

Circular saw blade for stainless steel

This powerful premium circular saw blade for professional users enables faster cuts and a long service life for use in stainless steel.

Using a very temperature-resistant cermet substrate allows the blade to dry saw stainless steel to an excellent cutting quality and delivers an extremely long service life. |The special tooth geometry ensures minimal cutting forces and prevents high temperatures from developing, making excellent results possible when dry cutting.|Since less power is needed, a longer battery life is possible thanks to a very narrow cutting line in combination with the F-IRON Cut 57 AS.

Product number: 6 35 02 307 00 0

Technical data

TECHNICAL DATA

Material	HM (carbide)
Saw blade Ø	150 mm
Teeth	30
Cutting width	1.2 mm

Suitable for the following tools

- F-IRON Cut 57 AS
- F-IRON Cut 57 AS Set 2 x 8 Ah
