RAFIX 22 QR, legend insert

fields of application

- Measurement-control-regulation
- Electrical engineering
- Mechanical and system engineering
- Vehicle construction

description

Labeling accessories are available for the RAFIX 22 QR control device series. The series is designed so that the (illuminated) pushbuttons under the cover can be labeled. In addition, almost all other actuating components can be labeled with the labeling plates.

A small label insert with designation texts can be inserted into the illuminated push-buttons. Depending on the installation position of the push-button, the inscription insert can be offset by 90°. Due to the design principle of the push-button, the inscription is protected behind a sealed area.

technical data

general	
Packaging unit	10 pcs.
net weight	0.1 g
MOQ order	10 pcs.
RoHS compliant	Yes
REACH compliant	Yes
mounting diameters	
Outside dimension, length	21.8 mm
Outside dimension, width	21.8 mm
Outside dimension, height	0.1 mm
