PC Wall Mount Bracket, Supports Desktop Computers Up To 40lb (18kg), Tool-Less Adjustments 1.9-7.8in (50-200mm), Heavy-Duty Wall Mount Shelf/Holder for PC Case/Tower

Product ID: 2NS-CPU-WALL-MOUNT

Professional PC Wall Mount Bracket is designed to meet the needs of IT professionals seeking a space-saving and convenient solution for their workstation setups. The supported desktop towers widths are between 1.9 to 7.8 inches (50 to 200 mm). This heavy-duty wall mount system is constructed of a 0.09in (2.5mm) thick powder-coated SPCC steel sheets, ensuring durability and strength. With a weight capacity of up to 39.6lbs (18kg), it provides a secure mount for desktop computers. Experience effortless installation with the keyhole mounting to speed up deployment.

Optimize your workspace by freeing up valuable desk or floor space. The computer wall mount system enables convenient concrete/wood stud wall mounting of a computer chassis. Alternatively, you can mount the computer to the side of a desk, enabling additional installation location options.

Enjoy unobstructed access to drive bays, peripheral ports, and wiring with the open design of the PC holder.

Quickly adjust the width of the PC wall mount bracket using the knobs. Included spacers protect the chassis and ensure a snug fit. The spacers allow different CPU sizes ranging from 1.9 to 7.8 inches (50 to 200 mm) up to Small Form Factor (SFF) computers.

Certifications, Reports and Compatibility

Applications

Features

• DESKTOP WALL MOUNT: Constructed of thick powder-coated steel, this heavy-duty wall mount for PC supports chassis weighing up to 40lbs (18kg); Protective rubber spacers prevent damaging the CPU chassis while holding it stable and secure in the bracket

• TOOLLESS ADJUSTMENT: Quickly adjust the width of the PC wall mount bracket by using the hand knobs; Toolless adjustment from 1.9 to 7.8in (50 to 200mm) of the CPU holder to accommodate various computer sizes/UPS battery backups

• SAFE AND SECURE MOUNTING: Included self-adhesive rubber and foam spacers protect the chassis from scratches and prevent the equipment from sliding off; For very slim CPU cases, use the included plastic spacers to meet the required width for your device

• SPACE SAVER: This robust computer wall mount system allows you to free space from your work desk or floor by mounting the workstation tower onto a nearby wall (concrete/wooden stud); Alternatively, mount the computer shelf to the side of a desk

• HASSLE-FREE ACCESS: Easily access the drive bays, peripheral ports and wiring when mounted on the bracket; Quickly install the PC holder using the keyhole mounting; All required hardware is included in the package

Hardware		
	Warranty	5 Years
	Wallmountable	Yes
	Frame Type	Open Frame
	Orientation	Horizontal
	Mounting Options	Wall-Mount
Performance		
	Weight Capacity of Work Surface	39.7 lb [18 kg]
Physical Characteristics		
	Color	Black
	Material	Steel
		Plastic
		Rubber
	Product Length	9.4 in [23.9 cm]
	Product Width	8.7 in [22.0 cm]
	Product Height	7.3 in [18.6 cm]

	Weight of Product	5.7 lb [2.6 kg]
Packaging Information		
	Package Quantity	1
	Package Length	7.7 in [19.5 cm]
	Package Width	9.8 in [25.0 cm]
	Package Height	6.1 in [15.5 cm]
	Shipping (Package) Weight	14.6 lb [6.6 kg]
What's in the Box		
	Included in Package	1 - Wall Mount Bracket
		1 - Sliding Bracket
		2 - Plastic Spacers
		2 - Rubber Self-Adhesive Strips
		8 - Rubber Self-Adhesive Spacers
		4 - Rubber Self-Adhesive Pads
		2 - Wall Mounting Screws
		2 - Concrete Wall Anchors
		2 - Hand Knobs
		1 - User Manual
