

Micro-Scale Test Accessories Kit

The micro-scale test accessories are designed to attach to industry standard multimeter test probe tips. These accessories allow convenient and safe testing of printed circuit boards, breadboards and fine pitch electronic devices.

- Needle pins for fine pitch probe testing.
- Micro plunger clips facilitate test connection to fine wires or component legs.
- Nano plunger clips for test connection to ultra fine wires or component legs.
- Insulated alligator clips for connection to larger wires or terminals.
- Breadboard pin attachment test leads.
- Breadboard pin-socket attachment test leads.
- Magnetic probes for connection to battery terminals, panels or grounding points.
- Battery current probe attachment lead.
- The durable nylon carry case keeps the accessories together and protects the kit from damage, tangles and snagging.

1 Red, 1 Black	Needle Pin Test Probes
1 Red, 1 Black	Insulated Alligator Clips
1 Red, 1 Black	Micro Plunger Clips
1 Red, 1 Black	Nano Plunger Clips
1 Red, 1 Black	Breadboard Pins
1 Red, 1 Black	Pin Sockets
1 Red, 1 Black	Magnetic Connectors
1 Red/Black	Battery Current Probe Lead
1 Mueller	Durable Nylon Pouch
