- Compatible with USB 3.1 and 2.0 ports
- Two-year limited warranty

USB 3.1

Lexar QUALITY LABS

Improve your workflow with multi-card reader

The Lexar Multi-Card 2-in-1 USB 3.1 Card Reader works with SD™ and microSD™ cards, and leverages USB 3.1 technology to deliver high-speed file transfers from card to computer. With transfer speeds of up to 312MB/s (reads up to 5 times faster than USB 2.0)[1], you can significantly improve your workflow and maximize your bandwidth. This 2-in-1 card reader also supports SD™ and microSD™, SD UHS-I and UHS-II memory cards. This makes the reader an excellent choice for quick multi-card photo and video transfers.

The speed to quickly transfer files for improved workflow. The Lexar Multi-Card 2-in-1 USB 3.1 Card Reader offers transfer speeds of up to 312MB/s (reads up to 5 times faster than USB 2.0)[1] for SD™ and microSD™. It's also backwards compatible with UHS-I (up to 170MB/s)[1], significantly improving your workflow.

Save time with concurrent file transfers. The Lexar Multi-Card 2-in-1 USB Card Reader has the ability to read from both card slots simultaneously, and it also allows for easy file transfer from one card to another—further enhancing the reader's versatility.

Compatible with USB 3.1 and 2.0 ports. Designed with a USB 3.1 interface the Lexar 2-in-1 card reader is also compatible with USB 2.0 ports.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores.
