EHTC2135G

Plastic cable plates | Wall Mounted Enclosures

CONNECT AND PROTECT

Item no.	EHTC2135G
For opening	FL21

Description: Gland plates suitable for leading through cables as well as different types of tubing. To be installed directly to the adapter gland plate AFA. Please see the cable management section.

Material: Different types of polymers reinforced with a steel plate. Halogen free and UV resistant.

Protection: IP 65.

Finish: RAL 7035.

Pack quantity: 1 piece with mounting accessories.

The FL21 plastic gland plate is a flexible cable management solution that should be installed directly onto the enclosure after it has been machined, or by using an adapter gland plate and standard tools, which reduces the labour cost.
