3/8" RATCHET 72 TEETH IP5X

- **Precise 72-tooth gear mechanism provides a minimal 5-degree swing**
- **IP5X dust protection ensures durability in dusty or dirty work conditions**
- **High-grade construction for sustained reliability and strength under professional use**
- **Smooth ratcheting action for efficient and comfortable operation**
- **Compatible with a wide range of sockets and accessories, making it highly versatile**

The TengTools 3/8" ratchet with 72 teeth and IP5X rating 3800-72U is a robust tool that features a fine-tooth mechanism with a 5-degree swing arc, ideal for precise adjustments in restricted spaces. This ratchet is especially suitable for situations that require both power and precision, such as automotive repairs, complex assemblies, and machinery maintenance. The fine-tooth gearing allows for tight turns and precise control, which is essential in detailed mechanical work. The IP5X rating highlights its suitability for use in environments where dust and particles are prevalent, protecting the internal mechanism from contamination. The high-grade construction deliver consistent performance and durability for daily professional use, while the smooth operation of the ratchet not only makes work more efficient but also more comfortable by reducing fatigue when used extensively.

General information

Country of origin: Taiwan
Barcode: 5020385034075
Tarriff code Europe: 8204110000
ECCN US: EAR99
UNSPSC: 27111711

Dimensions

Net weight (g): 250
Length: 195 mm

Attributes

Product type: Ratchets & Handles
Drive: 3/8"
Number of teeth: 72
Quick release: Yes
Reverse direction: Flip reverse lever
Flexible head: No
Handle type: Bi-material
Tethering facility: No
