# RS Driver’s Glove

ENGLISH

This is a high grade leather glove with a soft fleece lining. Providing good abrasion, tear and puncture resistance, it is made from a high grade leather which is extremely soft and flexible, minimising hand fatigue and maximising gripping ability. The glove is well-fitting and is elasticated at the wrist ensuring it remains securely in place, extending over the wrist area to provide extra protection. The soft fleecy lining ensures comfort at all times. It offers excellent quality, outstanding comfort and incredible value for money.

**Typically used for:**

- Haulage
- Fork Lift Truck Operation
- Warehouse Work
