

Due to its wide operating voltage and automatic synchronisation, the Solex beacon is a flexible solution for all types of alarm and monitoring systems.

Powered by Xenon technology, the Solex is a cost effective solution that can compliment audible alarms in high-noise environments.

Features

- 3 light output options
- 5 lens colour options
- 9-60V
- Tamper switch option

Benefits

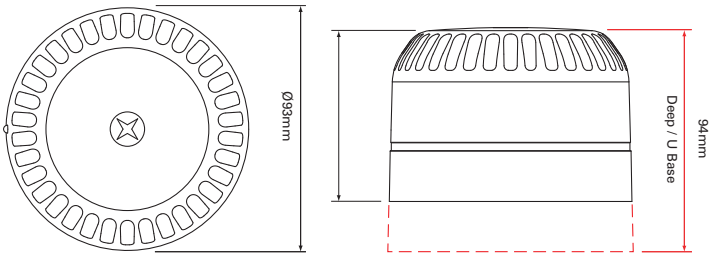

- Manage the current to suit your application
- Use for fire warning or general signalling
- Wide operating voltage for maximum flexibility
- For use where security is an issue (tamper switch)
