SENATOR QUALITY TOOLING

DATA SHEET

5 Tray Cantilever Tool Box - 430mm

Ideal for everyday use on construction sites and in harsh and punishing environments. Possessing a two piece cantilever lid with padlock hole for additional security as well as a large base compartment with four easy access cantilever trays for additional storage. The full width carry handle automatically closes the trays when lifting.

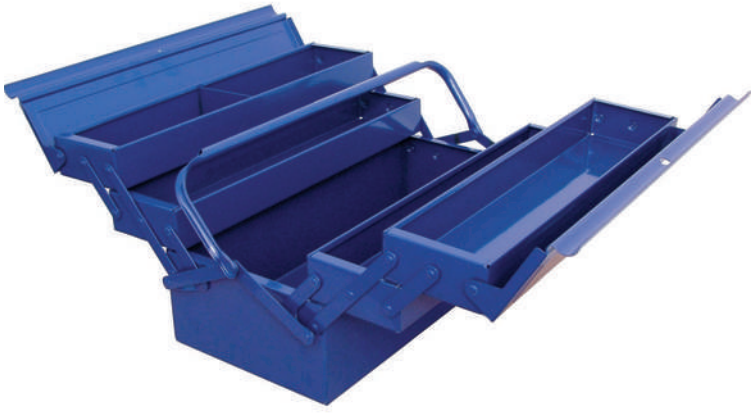

Features and Benefits

- Constructed from high quality steel for resistance to wear and tear as well as corrosion
- Possesses a padlock eye to bolster the security of your tools (sold separately)
- Consists of a large base compartment and four smaller cantilever trays to ensure there is ample space for larger hand and power tools as well as smaller components and tools
- Carry handle allows for easy transportation and also closes the cantilever compartments automatically when in transit
- Dimensions (LxWxH): 430mm x 205mm x 205mm
- Weight: 3.1Kg

Typical Applications

- Can also be used by DIY enthusiasts and hobbyists requiring a more durable toolbox
