SOLENT MAINTENANCE

DATA SHEET

Aerosol 'Heavy-Duty' Protection Spray - 500ml SOL-732-0620K

SM2-500B H/D

When sprayed onto the surface to protect, its clear colour with a faint yellow trace helps to identify the treated surfaces.

Feature and Benefits

- High performance corrosion inhibitor properties
- Film self heals for superior protection
- Easily removed with solvent cleaners
- Resistant to moisture, acid and alkali fumes
- Silicone and halogens free
- Flammable

Typical Applications

- Indoors
- Outdoors
- Metalwork

Note

Corrosion protection periods vary with environmental conditions.
Product can be re-applied should conditions require it.
