DATA SHEET

WELDERS ANTI-SPATTER FLUID - 5L

Ideal to reduce the risk of joint puddling and greatly reduces preparation time prior to final painting. Application does not affect any subsequent galvanising or painting operations and it is formulated to evaporate under normal weld temperatures.

Features and Benefits

- Reduces the risk of joint puddling
- Does not affect any subsequent galvanising or painting operations
- Evaporates under normal weld temperatures
- Dichloromethane and silicone-free
- Non-flammable, non-toxic, non-corrosive
- Biodegradable

Technical Specifications

- Type: Jerrycan
- Quantity: 5L

Typical Applications

- Welding
- Metalwork
