DATA SHEET

'Oil-Only' Absorbent Roll - 60L

SOL-742-1910B

Designed with hydrophobic properties, each sheet repels and floats on water.

- Absorbent capacity: 60L
- Dimensions (WxL): 38cm x 40M
- Highly absorbent with excellent fluid retention properties
- Perforated for economy of use
- Suitable for use on land and water
- BS 7959

Note: Ideal for applications in a waterway or river system. In event of a spillage, these sheets absorb the oil from the water and protect against environmental damage.
