DATA SHEET

Anti-Fatigue Matting

SSF-946-2640D

Diamond surface provides greater traction with extended wear and can be easily cleaned.

- Material: SBR rubber/Nitrile
- Colour: Black
- Surface finish: Diamond
- Dimensions (L x W): 80cm x 70cm
- Thickness: 12.5mm
- Interlocking tile system to produce any required length
- Provides insulation from cold floors
- Capable of operating in high temperature environments

Standing on a hard floor for prolonged periods without anti-fatigue matting can cause pain and discomfort in the lower legs, feet and back. Fatigue reduces concentration and therefore productivity. Anti-fatigue matting will increase comfort and productivity for workers who stand for long periods and substantially reduces stress, tiredness, aches and pains from standing on hard floors at work. Introducing anti-fatigue matting into the workplace can provide staff with a more comfortable environment, which in turn encourages increased efficiency, concentration and productivity.
