DOUBLE PALM HEAVY-DUTY RIGGER GLOVES, 2" CUFFS

These heavy-duty rigger gloves are designed for minimal risk applications, such as general handling. Reinforced with 2 layers of leather on the high wear points of the glove, the wearer's palms, forefinger, and thumb receive enhanced protection against minor abrasion injuries.

Features and Benefits

- Excellent durability and abrasion resistance, ideal for construction and outdoor manual work
- Open cuff is loose and breathable, allowing for easy donning and removal
- Breathable and moisture-absorbing cotton liner helps keep hands dry and comfortable
- Leather exterior is robust and heat resistant, offering good protection from abrasion and heat exposure
- Fingertip and knuckle protection keep the sensitive areas of the hands safe
- 2-inch safety cuff offers arterial protection

Standards

- EN ISO 20420:2020

CE

Coating	Leather
Liner Material	Cotton
Colour	Blue/White
