STOCKINETTE GENERAL HANDLING GLOVES

These lightweight stockinette gloves are widely used for delicate handling. Highly breathable and made from 48% cotton, they also make excellent glove liners.

Features and Benefits

- These gloves offer a comfortable barrier that helps prevent fingerprints, smudges, and direct skin contact
- Breathable and moisture-absorbing cotton liner helps keep hands dry and comfortable
- Uncoated design maximises breathability and tactile sensitivity, ideal for dry, low-risk handling tasks
- Lightweight and breathable for continuous use
- Flexible material allows for natural hand movement
- Knitwrist cuff type ensures maximum comfort

Standard

- EN ISO 21420:2020
- CE CAT I
