Technical Data Sheet

Aluminum-Oxide File Belts

PRODUCTS

- Product Type : XA911
- Backing Material : X-wt(Poly/Cotton)
- Bonding : Resin over Resin
- Grain Type : Aluminum-Oxide
- Coating State : Top coat with an active filler
- Products Form : File Belt
- Manufactured Width : 1,380mm

PRODUCTS ADVANTAGE & MAIN PROPERTY

- Could be used for semi-wide & narrow belt,
- High cutting performance
- Increased productivity

OPERATION / APPLICATION

- Sanding of surface edges
- Economical, general purpose deburring and blending on ferrous and non-ferrous metals

WORKPIECES

- Stainless steel
- Low & high carbon steel
- Hard wood

AVAILABLE SANDER / GRINDER

- Portable belt grinder
