YORK ABRASIVES

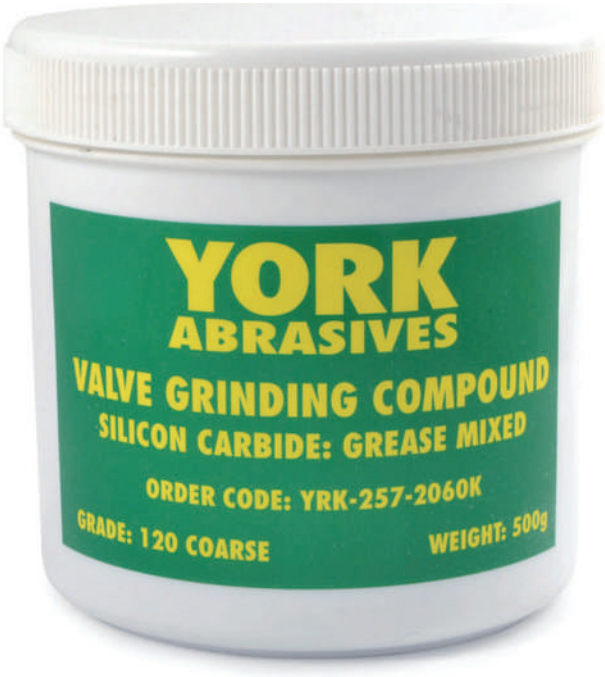

DATA SHEET

Valve Grinding Compound - 85g

Silicon Carbide: Grease Mixed
For heavy and light stock removal applications, from the removal of pits in exhaust pipes to the finishing of inlet valves.

Features and Benefits
- Provides excellent results when cutting brass, hardened steel and cast iron
- Often used within the automotive and engineering industry
- Durable formula makes it ideal for heavy and light stock removal applications
- Ideally used within the automotive and engineering industry

Technical Specification
- Colour: Black
- Grade: Medium
- Abrasive material: Silicon Carbide
- Quantity: 500g
