

967/9 TX XL HF 1 L-key set with holding function, long, 9 pieces

L-Keys for TORX® Screws

EAN:	4013288193513	Size:	245x96x25 mm
Part number:	05024450001	Weight:	346 g
Article number:	967/9 TX XL HF 1	Country of origin:	CZ
		Customs tariff number:	82054000

- L-keys for recessed TORX® screws
- With holding function (HF) on the long arm to securely hold the screw on the tool
- BlackLaser for high corrosion protection and long service life
- L-keys are quickly to hand thanks to their size markings
- Wear-resistant clip material for enhanced durability
- Zinc phosphate plated

High quality L-key set for recessed TORX® screws. The holding function on the long arm keeps screws securely on the tool. The BlackLaser surface treatment provides outstanding surface protection, even against corrosion, and a long service life. The tools are quickly to hand thanks to the laser-engraved and thereby wear-resistant size markings on the L-keys. Come in a practical clip fastener out of wear-resistant material, enabling secure storage of the L-keys as well as simple removal.

L-Keys for TORX® Screws

TORX® HF profile

In tight assembly or disassembly situations, for example in engine compartments, it is not possible to securely hold the screw with the hand on the screwdriver, and the screw subsequently often gets lost. Lengthy searches or the loss of the screw (with the associated danger that could bring about) are the consequence. The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that the screw is securely held on the tool!

Size identification

The size of each L-key has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes - for simple and rapid accessing of the required tool. Making it easy to find the right tool.

BlackLaser

L-keys with BlackLaser surface treatment for outstanding surface protection and long service life. High corrosion protection.

Secure hold and easy removal

The wear-resistant clip material ensures that the L-keys are securely held yet are easy to remove.
