

1529 ESD Lifting fork, 1 x 3.5 x 50 mm

ESD Series

EAN:	4013288219428	Size:	147x18x18 mm
Part number:	05027450001	Weight:	15 g
Article number:	1529 ESD	Country of origin:	CZ
		Customs tariff number:	82054000

- Lifting fork to remove firmly-fitted parts from a circuit board after desoldering
- ESD-safe tool thanks to surface resistance of $\leq 10^9$ Ohm
- Kraftform Micro handle for fast and ergonomic working
- Rotating cap for rapid working
- Chrome-plated
- Anti-roll feature

Electrostatically secured Wera lifting fork, e.g. to remove stuck components on printed circuit boards after unsoldering. With rotating cap for working at lightning speed. With anti-roll protection.

ESD Series

Wera ESD Tools

High protection

The requirements for ESD-safe screwdrivers are specified in the European standard DIN EN 61340-5-1. This standard also includes a handle that has to be out of a defined conductive material. The Wera products in the ESD series satisfy these standards and the even more stringent requirements demanded by some technology companies.

The electric surface resistance of the Wera ESD material is $\leq 10^{9\text{ ohm}}$. This securely protects components against electrostatic energy and associated damage.
