

<b>EAN:</b>	4013288033840	<b>Size:</b>	90x63x15 mm
<b>Part number:</b>	05056168001	<b>Weight:</b>	79 g
<b>Article number:</b>	Bit-Check 7 Hex-Plus 1	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82079030

- Upright positionable Bit-Checks convince due to their functionality in a minimum of space
- Universal holder with quick-release chuck for rapid bit change
- Hex-Plus allows socket head screws to live longer
- Tough viscous bits for universal use
- In handy and robust Bit-Check

Robust Bit-Check by Wera. Bit-Checks provide a quick overview of the tools available. Bits not needed are simply reinserted into the set and do not get lost. Simple transportation e.g. in the shirt pocket. The Hex-Plus profile offers a greater contact surface in the head of the screw. The notching effect is therefore reduced to a minimum and damage to the screw head more or less eliminated. Tough viscous for universal use. Includes universal holder for the take-up of bits with 1/4" hexagon head drive as per DIN ISO 1173-C 6.3. Comes with quick-release chuck for rapid bit change; the strong permanent magnet holds the bits absolutely securely.

#### At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.

#### Hex-Plus

Hexagon socket screws are a problem, because the contact surfaces that transfer the force of the tool to the screw are very narrow. The consequence: the head of the screw can be damaged, usually rounding out the recess. Hex-Plus tools have larger contact surfaces to prevent this, driving from the flats of the recess, rather than the corners. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

#### Tough bits

Tough Wera bits prevent the tip from breaking prematurely. Z-bits usually are the bit for universal screwdriving applications.

#### With quick-release chuck and strong permanent magnet

For a firm, wobble-free connection between holder and bit with quick-release action. Simply push sleeve forward to change bits. The magnetic design enables simplified positioning of the screw.

## Bit-Check 7 Hex-Plus 1, 7 pieces

### Bit-Checks / Bit-Safes Universal

#### Set contents:

#### 895/4/1 K Universal Bit Holder, 1/4" x 52 mm

05053872001

1x 1/4" x 52 mm

#### 840/1 Z bits, 2 x 25 mm

05056305001

1x 2 x 25 mm

05056310001

1x 2.5 x 25 mm

05056315001

1x 3 x 25 mm

05056320001

1x 4 x 25 mm

05056325001

1x 5 x 25 mm

05056330001

1x 6 x 25 mm
