

EAN:	4013288226198	Size:	70x60x18 mm
Part number:	05057435001	Weight:	124 g
Article number:	Bit-Check 12 Wood TX HF 1	Country of origin:	CZ
		Customs tariff number:	82079030

- Particularly for wood applications
- 867/1 TORX® HF bits with holding function for TORX® screws as per the specification Acument Intellectual Properties
- Also suitable for Würth ASSY screws as well as Altenloh SPAX T-STAR plus screws
- 1/4" hexagon drive (Wera connecting series 1)
- With Take it easy tool finder: colour coding by size
- Ring magnet Rapidaptor, holder for holding even longer and heavier screws
- Upright positionable Bit-Checks convince due to their functionality in a minimum of space
- Bit-Check plastic material ensures robustness and durability

Bits and holder set, particularly suitable for woodworking. With their special geometry and as per the specification Acument Intellectual Properties, the 867/1 TORX® HF bits hold TORX® screws securely on the tool! This is particularly helpful in hard-to-reach work areas where the second hand cannot be used to hold the screw. They are also suitable for Würth ASSY screws as well as Altenloh SPAX T-STAR plus screws. With Take it easy tool finder: colour coding by size. Ringmagnet Rapidaptor holding tool to hold long and heavy screws. The Bit-Check allows a quick overview of the available tools. Unused bits are simply put back in the holder and will not be lost. Easy transport e.g. in your shirt pocket. The Bit-Check can be set up at the work place, which allows for quick access of the tools.

Bit-Checks Wood

Holding function for recessed TORX® screws

The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that TORX® screws made according to Acument Intellectual Properties specifications are securely held on the tool!

Also for ASSY and SPAX T-STAR plus screws

The Wera 867/1 TX HF bits are also suitable for Würth ASSY screws as well as Altenloh SPAX T-STAR plus screws.

Rapidaptor with ringmagnet

The floating, free-turning magnetic sleeve securely holds even large and heavy screws to enable immediate application. There is no need to hold the screw when applying the tool - something which can be dangerous and painful. Also ideal for overhead work.

At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.
