

## VS-7C / VS-S6

## PLASTIC CASE SET (mm. size)

STEEL : STAINLESS (≒SUS440A) / PACKAGE : Plastic case

VS series wrenches are made of stainless steel heat treated to HRC53-60. High rust resistance and abrasion resistance are suitable for work environments and industries including shipyard, fishery, marine sports, foods and chemicals, farming equipments etc.

- ※ This particular stainless steel material is magnetic (not a non-magnetic product.)
- ※ Even with its high rust resistance nature, wiping with dry cloth after every usage is advised to prevent wrenches from rusting.

VS-7C

Plastic case dimensions :  
203×133×37mm

VS-S6

Plastic case dimensions :  
188×88×35mm
