

TUBING CUTTERS

REACH

with Ball Bearing Roller

Six individually installed stainless steel ball bearings provide you with an accurate and effortless cut.

The compact design of MCC Tubing Cutters gives you a shorter range of motion and greater maneuverability.

An Ergonomically Designed handle allows you to attain a comfortable, yet firm grip while you work.

- MCC Tubing Cutters are designed specifically to make clean rotational cuts; whether you are cutting Copper Tubing or Stainless Steel Tubing without the need to replace the cutting wheel.
- Well-designed components provide longer lasting sustainability making the cutter highly economical.
- Compact & lightweight design increases your productivity.
- Ergonomically designed knob reduces stress on your hands substantially.
- The heavy-duty cutting wheel with a bearing inside maximizes the durability of the cutting wheel when cutting stainless steel tubing.

Model No.	Cutting Capacity Pipe O.D.	Weight Kg	Spare Cutting Wheel
TC-28	28mm (1.125")	0.15	TCE32
TC-32	32mm (1.375")	0.31	TCE32
TC-42	42mm (1.654")	0.41	TCE32

TUBING CUTTERS

REACH

for Corrugated Stainless Steel Tubing

- Designed for use in restricted spaces on small diameter. Light weight and durable aluminum body. Good for CSST (Corrugated Stainless Steel Tubing), Soft Copper, brass, and Plastic Tubing.

Model No.	Maximum Capacity	Weight Kg	Spare Blade No.
FTC-20	8-20 (5/16"-13/16")	0.24	FTCE20A
FTC-25	8-25 (5/16"-1")	0.27	FTCE32A
FTC-32	20-32 (1"-1 1/4")	0.29	FTCE32A

PIPE CUTTERS

REACH

Heavy Duty

- Heavy duty design for professional use, fast & clean pipe cutting.

Model No.	Capacity Outer Dia (US Pipe size)	Weight Kg	Spare Blade No.
PC-0101	13 - 40mm (1/2" - 1 1/4")	1.5	PCE0112
PC-0102	13 - 63mm (2")	2.5	PCE0112
PC-0103	21 - 90mm (3")	3.8	PCE0103

FOUR-WHEEL PIPE CUTTERS

REACH

with Bearing

- Designed for work in area where a complete turn is impossible such as pipe against wall or ceiling. Only 130 degree swing to make a complete cut. Cuts stainless steel pipe with no problems.
- Bearing installed at every cutter wheels for smooth operation and precision cutting avoiding it from spiral rotation. (Available only PCFB-50)
- Easy setting by quick open-close design.

Model No.	Capacity Outer Dia (US Pipe size)	Weight Kg	Bearing	Spare Blade No.
PCFB-25	21 - 38mm (1/2" - 1")	1.3kg	NO	PCFBE25
PCFB-50	21 - 64mm (1/2" - 2")	2.3kg	YES	PCFBE50

Please note that PCFB-25 is NOT equipped the bearing for cutter wheels.
