

The essentials to enhance productivity

Dell 27 Monitor | **E2725H**

The world's # 1 monitor company*

* Dell monitors are #1 Worldwide for 10 years! Source: IDC Worldwide Quarterly PC Monitor Tracker, Q1 2024. From 2014 to 2023. CLM-011283

Get the essentials to enhance productivity with this affordable 27-inch monitor certified by TÜV Rheinland® for 3-star eye comfort.

Improved visual comfort

This monitor comes with TÜV Rheinland® 3-star eye comfort certification¹ — the latest industry standard for eye comfort to help reduce signs of eye fatigue.

Benefit from ComfortView Plus, a built-in feature engineered to minimize harmful blue light emissions without compromising color.

Functional, space-saving design

Get enhanced views in FHD resolution with 3000:1 contrast ratio for deeper blacks, brighter whites and vivid color. The improved design with slim bezels, small footprint and cable management offers a clutter-free set up and maximizes valuable desk space.

Next-level productivity

Boost efficiency and productivity with Dell Display Manager 2.0 that lets you customize your monitor settings, organize your screen using Easy Arrange and simplify management.

Conveniently connect to current and legacy systems via DisplayPort and VGA ports. Make your workspace your own with VESA-compatible mounts and stands.

Experience reduced downtime with the 3-year Advanced Exchange Service² so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty.³

¹ TÜV Rheinland certified - Low Blue Light Hardware Solution and Flicker Free (ID 0217010014).

² Dell will send you a replacement monitor the next business day in most cases, if deemed necessary after phone/online diagnosis. Shipping times may vary by location and for monitors 55" and above. Fee charged for failure to return defective unit. See dell.com/servicecontracts/global.

³ For a copy of the Limited Hardware Warranty, write to Dell USA LP, Attention: Warranties One Dell Way, Round Rock, TX 78682 or see dell.com/warranty for details.

**Improved visual comfort**

Experience firsthand benefits with ComfortView Plus, engineered to minimize harmful blue light emissions without compromising color. Coupled with a 75 Hz refresh rate, this monitor delivers a TÜV Rheinland 3-star¹ certified viewing experience.

**See your work clearly**

Work in FHD clarity and get consistent views across a wide 178°/178° viewing angle. Experience deeper blacks, brighter whites and vivid color with 3000:1 contrast ratio.

**Multi-task with ease**

Boost efficiency with Dell Display Manager that lets you organize multiple apps on your screen.

**Easy to connect**

Connect to current and legacy systems via DisplayPort and VGA ports.

World's number 1 monitor company*

We deliver world-class monitors that have gone through rigorous development processes and stringent tests to ensure dependable performance. Get peace of mind with unmatched warranty and support options. Being environmentally forward in thinking, our monitors adhere to environment standards and are made with sustainable materials.

* Dell monitors are #1 Worldwide for 10 years! Source: IDC Worldwide Quarterly PC Monitor Tracker, Q1 2024. From 2014 to 2023. CLM-011283

1 TÜV Rheinland certified - Low Blue Light Hardware Solution and Flicker Free (ID 0217010014).

Environmentally-forward thinking

Material innovation

This monitor has been thoughtfully crafted with 85% post-consumer plastic and closed-loop ITE-derived plastic.¹ Using recycled materials helps conserve natural resources and contributes to a lower environmental footprint.

Excellence in environmental standards

This monitor is certified ENERGY STAR®, carries the TCO Certified Edge designation, and is registered EPEAT Gold with Climate+.² With Climate+, this monitor meets industry best practices around decarbonization.²

Low impact packaging

Ships in a box made with 100% renewable materials that is recyclable³ to contribute to a lower environmental footprint.

¹ Based on internal analysis, June 2024. Designed with up to 35% post-consumer recycled plastic and 50% closed-loop IT equipment derived plastic. Percentage break up may vary by model.

² EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels by country.

³ Applies to all Dell monitors launched since 2023. Made from FSC mix sources which is a mix of material from FSC certified forests, recycled content and/or FSC controlled wood. Based on internal analysis, August 2023.

All day comfort

Get a seamless viewing experience and focus on your task with slim bezels and small footprint.

Connect with ease

Connect to current and legacy systems via DisplayPort and VGA ports.

Functional, space-saving design

The improved design with slim bezel, small footprint with and built-in power supply unit and cable management offers a clutter-free set up and maximizes valuable desk space.

Easily tilt the monitor to get just the right viewing angle or hook it up with a compatible VESA mount.
