Renewal design, both form and material, based on human engineering for best efficiency both grasping and tightening. With strong anti-damage minus head and an original plus head allow perfect fit on the screw (PGPD-002 and 003), increasing your work efficiency.

Made of non-slip elastometer resin and double structure, the handle also stands out with color code and let you quickly find the right tool within one glance, saving time on the job.

Strong magnetic tip.

Both power grip screwdriver and power grip speeder screwdriver are registered designs.

With magnet

WARNING

- Do not misuse screwdrivers for wedge or chisel. Hammering or twisting damages screwdrivers and invite accident at a later date.
- When hitting bit-through type screw drivers by hammer, do it vertically against screw-head.
