Original custom-made tray

Custom-order carbon trays that match your tools and needs!

By fixing the storage position of tools, perfect organization and loss prevention can be achieved. Usually, only accessories that match the contents of the tool set were delivered, but in response to customer requests, we can manufacture custom-made "original carbon tray".

We can make tray with a shape that matches the tools you currently have and accept order from 1 piece.

Using carbon tray produces an amazing sense of luxury.

■ Ideal for those

- Who wants to manage tools.
- Who wants to make tools easier to use.
- Who wants to organize tools.

It can be changed to an easy-to-use position according to your existing tool.
