

Slit socket ideal to used for various sensors with wiring cords and protrusions (TV valves, O<sub>2</sub> sensors, etc.).  
Finished the knurling with quick turn.

3SLT-19

3SLT-22

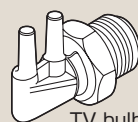

Example

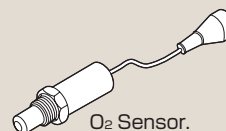

## SLIT SOCKET (6pt.)

Models	Across Flat (mm)	Dimensions (mm)				Qty./Carton (Generally)	Weight (g)
	S	D	A	L			
3SLT-19	19	28	18	60		10	150
3SLT-22	22	32	40	100		10	310

- 6 Points strong drive

TV bulb

O<sub>2</sub> Sensor.

For TV valves (Vacuum connector) → Width across flats 19 mm  
For O<sub>2</sub> sensor → Width across flats 22 mm

## CAUTION

- Depending on car and engine model, sensor sockets and slit sockets may not be able to use.

Recommended socket set for work including drain bolt for car differential and manual gearbox. The set comes with drain plug socket with a square size of 10.5 and 13 mm, and a dual square socket (8pt.) with size of 17 mm.

4SQ-13

4SQ-10

4E-17

4pt (Square) socket ideal for drain plugs of the gearbox and differential gear. Useable by putting a wrench on the hexagonal (24 mm) part of the outer circumference.

4SQ-13

4SQ-10

## DRAIN BOLT SOCKET SET

Models **SQE403**

Contents **3 Items**

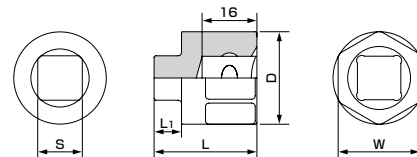

Descriptions	Models	
DRAIN PLUG SOCKET	4SQ-	10, 13
DUAL SQUARE SOCKET (8pt.)	4E-	17

- Weight : 0.26kg
- Qty./Carton : 1

## DRAIN PLUG SOCKET

Models	Across Flat (mm)	Dimensions (mm)				Qty./Carton (Generally)	Weight (g)
	S	D	W	L <sub>1</sub>	L
